SIXTH WORLD CONGRESS 
ON VACCINES, IMMUNISATION AND IMMUNOTHERAPY

Organised by the
Infections Control World Organization
with scientific cooperation of the
Mayo Clinic and Foundation for Medical Education and Research
University of Montreal
Faculty of Medicine
University of Milan, Faculty of Medicine
University of Florence
Faculty of Medicine
University of Genoa, Faculty of Medicine
Wyeth Lederle Vaccines Italia
Novartis Vaccines Italia
Berna Biotech Italia
Baxter Bioscience Italia
Netherlands Vaccine Institute
International Society for Vaccines
Vaccine Elsevier

Milan 23-25 September 2008

International Executive Scientific Committee

Dr. Malcolm Adams
Medical Director, Velindre Hospital, Wales College of Medicine, University of Cardiff, United Kingdom

Prof. Dr. Lorne A. Babiuk
Vice President Research, University of Alberta, Canada

Prof. Dr. Allan W. Cripps
Pro-Vice Chancellor Health, Griffith University Gold Coast, Australia

Prof. Dr. Anne S. De Groot

Dr. Masaji Okada
General Director, Institute for Clinical Research, National Hospital Organization, Japan

Prof. Dr. Gregory A. Poland
President, International Society for Vaccines, Mayo Clinic College of Medicine, USA

Dr. Rino Rappuoli
Global Head Vaccines Research, Novartis Vaccines, Italy

Dr. Paul W. Taylor
Senior Publishing Editor, Immunology, Virology, Life Sciences, Elsevier, Netherlands

Prof. Dr. Bernard A.M. van der Zijst
Scientific Director, Netherlands Vaccine Institute, Netherlands

Prof. Dr. Alessandro Zanetti
Research Director, Public Health, Microbiology and Virology, Faculty of Medicine, University of Milan, Italy
**Scientific Programme**

**September 23**
8.30-9.10  
*Congress Opening Lecture*
The next golden age of vaccinology: The convergence of thecnology, innovation, opportunity and wisdom  
Prof GA Poland

9.30-12.30  
*Plenary session 1*
New Vaccines, design concepts and Immunisation Strategies  
Chairs: Dr R Rappuoli, Dr GA Poland

13.30-17.00  
*Symposium 1*
Progress in Infectious Disease Vaccines and Immunisation  
Chairs: Dr KJ Center, Prof P Bonanni

**September 24**
8.30-12.30  
*Plenary session 2*
Perspectives in Anti-Cancer Vaccines and Immunotherapies  
Chairs: Prof P Walden, Dr M Adams

13.30-17.00  
*Symposium 3*
Value of Vaccines in Diseases Prevention and Therapy  
Chairs: Prof L Salleras, Prof A Zanetti

13.30-17.00  
*Symposium 4*
New Trends in Tuberculosis Prevention and Immunotherapy  
Chairs: Dr DB Lowrie, Dr M Okada

**September 25**
9.30-12.30  
*Plenary session 3*
New Technologies for Vaccines Development and Immunisation  
Chairs: Dr DB Weiner, Dr B Ensoli

13.30-17.00  
*Symposium 5*
Progress in Global Prevention and Containment of Influenza  
Chairs: Dr RA Bright, Dr G Del Giudice

13.30-15.30  
*Workshop 1*
Advances in Vaccines Development and Immunisation – I  
Chairs: Prof B van der Zeijst, Dr A De Groot

16.00-17.30  
*Workshop II*
Advances in Vaccines Development and Immunisation – II  
Chairs: Dr T Kieber-Emmons, Dr A Meinke

**SIXTH WORLD CONGRESS ON VACCINES, IMMUNISATION AND IMMUNOTHERAPY**

Milan 23-25 September 2008  
Novotel Milano Nord Cà Granda
